Bryan McKinnon, CEO  
Hellmann Perishble Logistics  
10450 Doral Boulevard  
Doral, Florida 33178

Dear Mr. McKinnon:

On behalf of Miami International Airport and MIA's Perishables Committee, I would like to thank you and Hellmann's for being so supportive of our Perishables Logistics Road Show. The Road Shows have always been a tremendous success both in turnout and in outcome, and this year in Costa Rica and Honduras, was no different.

I would especially like to acknowledge Raul Villavicencio, for the outstanding job he did in addressing the issue of Cargo Security. His presentation was clear and concise, and more importantly, he so ably responded to questions from the audience.

I realize that this Road Show represents a significant investment of time and resources by Hellmann's, but I promise you, these seminars are paying off. Each time we have conducted these Road Shows, we have noted marked increases in compliance with import requirements.

Thanks so much again.

Sincerely,

Bunny Schreiber  
Aviation Cargo Specialist  
Chairman, Perishable Logistics Committee
